*Your new favourite tomato soup recipe  
.made with **canned organic tomatoes***

NAPLES, Italy, Jan. 10, 2024

/PRNewswire/ -- In winter, when a steaming bowl of tomato soup is just what you want, fresh tomatoes are not always available. But even when tomatoes are not in season, you can still make this easy soup thanks to one special ingredient: **canned organic .tomatoes**

Our tomatoes are picked at their peak of ripeness, full of Mediterranean sunshine and utterly delicious. But while many foods are at their best eaten raw and fresh, tomatoes provide a higher level of **lycopene - a protective antioxidant** - when canned than when .raw

This easy soup recipe combines organic canned tomatoes with a classic base of sautéed vegetables to create layers of flavour. Caramelising the organic tomato paste gives a wonderful depth .to your soup
